

Executive Symposium Sponsor Opportunities

A Unique Opportunity to Netweave with a Select Group of Atlanta CEOs

CEO Netweavers is recruiting a select group of business partners that share its focus of developing the Atlanta community by strengthening companies and organizations as well as business leaders. One of our core programs is an annual symposium, taking place this year on April 17th with a theme of “Pay It Forward for Impact through Business”. Last year we hosted 120 executives, and this year we expect 150 executive to attend.

Who are we?

We are an engaged and diverse group of CEO’s and their trusted advisors committed to freely sharing our relationships, knowledge and skills while cultivating trusted relationships.

We actively engage in outreach programs that support businesses facing an inflection point, mentor local eMBA students - our future leaders, as well as highlight common business issues at our annual Symposium each April. To date, we have aided over 55 businesses and 100 eMBA students; we also hosted 120 participants in our inaugural symposium in 2017. In addition to this outward focus, we support each other as we grow and expand our businesses.

Our actions are guided by core values of servant leadership, a pay-it-forward orientation, and Netweaving – the process of serving as a strategic matchmaker and effective resource provider for others. To see more, go to <https://ceonetweavers.org/>.

How can you participate?

Interested business partners can support our 2018 Symposium through four levels of sponsorship that combine a financial support with active participation in the event. ***For first time Silver and Gold symposium sponsors that commit before March 16th, we can also apply your 2018 Symposium sponsorship towards organizational sponsorship for the balance of 2018.***
